

Higher Education Emergency Relief Fund

The [Higher Education Emergency Relief Fund](#) (HEERF II) provided funding to colleges and universities for emergency student grants. The purpose of the money is to award emergency financial aid grants to students for specific expenses. Student grants may be used for any component of their cost of attendance, emergency costs that arise due to Coronavirus, etc. with examples including: tuition, food, housing, healthcare (including mental health), and childcare.

KCAI has received \$420,333 in student financial aid funding. Following the guidelines set forth by the US Department of Education, these funds will be distributed as emergency financial grants. As designated by the Department of Education, KCAI is required to prioritize grants to students with exceptional financial need, such as those who receive Pell Grants; however, we plan to distribute these funds as widely as possible. Students' financial needs will be determined by the FAFSA.

HEERF II funding can be used to cover the following expenses.

No. This one-time grant is emergency relief funding provided by Congress.

No. The Internal Revenue Service (IRS), under section 139, has qualified these funds as “disaster relief payments” therefore, they cannot be included in your gross income. Can HEERF II Emergency Funding be applied to my student bill?

As the recipient of these funds, you may choose to pay the balance of your tuition or student account; however, KCAI will not hold any funds to pay outstanding balances. Students who wish to apply their grant toward the balance of their student account must notify the college of their decision to do so through the online questionnaire.

If I'm not eligible for HEERF II Emergency Funding are there other emergency funds available?

No. We do not have additional sources for funding at this time; however, we always encourage students to reach out to student affairs for support and assistance as there are many programs and services in the area that may be of financial benefit to students.
